

5 PIECE  
POLYESTER  
Doors

# New Addition to **EVO** The 5

## Allure

Evolution Doors, a leading manufacturer of 5 piece HPL doors, offers a new collection of mitered doors made out of polyester wrapped MDF stiles and rails, and melamine center panel.

Polyester offers remarkable color coordination with melamine and laminates, is easy to clean, is highly heat resistant and confers the illusion of wood, with its various wrapped profiles.

The collection includes eleven colors and three types of stiles and rails with alternative choices in panel profiles. Mullion Frames, mouldings and valances complete the range of polyester products.
